WHY ENCOURT

Everything under one roof.

Most corporate days mean moving people between a venue, a restaurant and somewhere for drinks. At Encourt you don't. Play, eat and unwind happen in the same building — no taxis, no lost half-hours, no one drifting off between stages.

Tell us the shape of the day and we'll build it around the venue — from a couple of courts after work to a full takeover.

ON COURT

Padel does the work.

It takes about ten minutes to learn, it's played in fours, and it puts people who don't normally speak on the same side of a net. It suits mixed-ability groups better than almost any other sport — and the rest of the group watches from the restaurant tables right beside the glass.

01 Court hire

From a couple of courts for an afternoon to exclusive hire of all seven, with rackets and balls available for every player.

02 Team building & tournaments

A coached introduction for complete beginners, then round-robins, Americanos or a full company tournament — so everyone plays with everyone.

03 Screens & branding

The screens across the hall are yours for the day — your branding as the team walks in, live leaderboards through the tournament, a presentation before dinner.

EAT & DRINK

Catering by Bobo & Wild.

Not a club café — a proper restaurant, with their own kitchen and team at Encourt. All-day brunch, pizzas, speciality coffee and a fully licensed bar.

For events, the menu is built around your group — allergies and dietaries included.

Grazing tables — relaxed and social, through the day

Sit-down dinner — up to 80 seated

Pizza & drinks after play — straight off the court

THE VENUE

One venue. No moving the group.

Courts, restaurant, lounge, studio and spa share one address — the day flows from one to the next.

“Play, eat and unwind —
in the same building.”

ENQUIRE

Tell us about your event.

Every event is quoted individually — send us the outline and we'll build the day around the venue. We usually come back within one working day.
